Warehousing & distribution....

Warehousing **Distribution**

Our warehousing & distribution facility located off Mombasa Road in Nairobi is well equipped to meet our client's cargo handling needs.

We have well experienced and capable personnel who can manage end-to-end inventory planning and replenishment tailor cut to our client's requirements.

Our clients reap from shared cost benefits ranging from shared space, labor, equipment and technology.

Our Warehouse management system (WMS) offers our clients with 100 degrees visibility of their stock.

Warehouse Management System benefits;

- Web based system with full time (24Hr) access including mobile access
- Bin location precision with serial number location tracking.
- Stock dispatches that are initiated by the client through their WMS portal.
- Replenishment level setting with an email alert.
- Real time stock reports.
- SKU conversion.
- 24 Hour WMS technical support.
- Open integration with different ERP's on request.

Other value adds services that we can offer include:

- Billing as per daily/monthly occupancy (Per cubic meter)
- Stickers (KEBS, KRA and any other stickering)
- Repackaging, labelling, kitting and value-added services
- Working space for tech QC check or any other re-works on the goods.
- Cross docking & Distribution
- Inventory management
- Transshipment & load building
- Reverse Logistics

Airfreight....

Our airfreight services provide three solutions, value, speed and low cost.

In order to satisfy your demand for space allocation and competitive rates, we have kept a good relationship with airlines, agents and handling partners for major carriers. This has helped us maintain both peak and off peak consistency in service delivery.

Our airfreight portfolio of services includes;

- Perishable Logistics
- Fashion Logistics
- Healthcare and Pharmaceutical Logistics
- General Cargo
- Freight Forwarding
- Air Charter Services
- Transhipment Cargo

Sea freight....

Here at Offshore Global Logistics, we provide time definite, innovative sea freight services for both Full Container Load (FCL) and Less than Container Load (LCL) shipments worldwide.

We have partnered with reliable Container Freight Stations (CFS) and developed carrier relationships to warrant priority for all our shipments thereby ensuring reliable and consistent delivery lead times for our client's cargo.

The sea freight services include;

- Project Cargo
- Bulk Cargo
- Temperature controlled cargo
- LCL & FCL cargo
- Automotive logistics(RO-RO)
- Transshipment cargo

Freight Forwarding....

Our global network of freight forwarders has enabled us to efficiently move cargo from all corners of the world. We have the capacity to cover end to end logistics no matter the INCOTERMS in play.

Our freight forwarding function's competitive edge lies in our ability to negotiate and offer our clients the best freight rates from the strongest carriers depending on the origin.

Road freight....

Our partnerships with a diverse range of heavy haulage companies within the east African region has strengthened our abilities to move all kinds of cargo across the region.

We have the capacity to move;

- General cargo
- Oversize/Out of gauge cargo
- Car carrier services
- Liquid cargo(tanker shipments)

Other Services....

Insurance cover notes:

Following the Government of Kenya's directive to make cover notes mandatory, we partnered with credible and reliable insurance agencies and reached an agreement to ensure marine covers are raised for our client's cargo upon request.

Returning resident logistics:

We offer specialized end-to-end household goods movement for individuals moving from one country to another as part of our returning residents service portfolio.

Cargo Consolidation & break Bulk:

We offer export cargo consolidation & break bulk services to ensure cost effective logistics services for our clients.
